EXPERIENCE

FRONTEND DEVELOPER – : AFAME TECHNOLOGIES **Feb 2024 – Aug 2024**
- Developed and maintained responsive user interfaces using React.js, HTML5, CSS3, and JavaScript, Contributed to the creation of dynamic and engaging web applications.
- Utilized Git and GitHub for version control, maintaining code consistency and facilitating collaborative coding practices.
- Integrated RESTful APIs to fetch and display data in real-time, optimizing performance and ensuring seamless interactions across various devices.
- Debugged and optimized code to enhance performance and responsiveness, contributing to a high-quality codebase.

PROJECTS

REVENUE AGGREGATOR APP – : | React.js | JavaScript | ES6 | CSS3 | HTML5 | UI | **2024**
- Implemented a React-based application to aggregate and display products from multiple branches in a sortable and filterable table format.
- Integrated data from various API endpoints, merged products, and calculated total revenue dynamically.Applied alphabetical sorting by product name and live updates to total revenue based on user-defined filters.

AI LAWYER ROLE SELECTOR APP – : | React.js | JavaScript | Tailwind CSS | HTML5 | VS Code | **2024**
- Created an interactive form-driven application using React, guiding users through role-specific options such as legal consumer, lawyer, and law student.
- The app utilizes React Router for smooth navigation and includes a responsive, modern UI designed with Tailwind CSS.

FORM HANDLING & COUNTER SYSTEM – : | React.js | JavaScript | ES6 | CSS3 | HTML5 | UI | **2024**
- Developed a React application with a user data form that captures and saves user data with auto-generated IDs and a counter with interactive background changes.
- Enhanced user experience with notifications for unsaved changes and data storage integration.

TECH BLOG APP – : | Tailwind CSS | UI | Responsive Design | HTML5 | VS Code | **2024**
- Utilized Tailwind CSS's responsive design features to create a tech blog app that seamlessly adapts to different screen sizes, providing an optimal viewing experience for users on desktops, tablets, and mobile devices.

TRAINING / CERTIFICATIONS

Front End Development — Capgemini (TNS) -: React.js, JavaScript, jQuery
ECMAScript (ES6), CSS3, HTML5, Git and GitHub

Ultimate Front-End Bootcamp — UDEMY -: React.js,JavaScript, CSS3, HTML5
